FOREWORD

Wellington and District Shorthorn Breeders' Club is pleased to present this Consignment Sale of Shorthorn breeding stock. All cattle have been inspected and have been found sound in every way, and negative to a blood test for brucellosis conducted by Health of Animals, Federal Department of Agriculture.

We invite you to inspect this fine consignment of breeding stock. They represent some of the top herds and sires of the province. You can rest assured that the cattle you may buy will be most profitable to you whether you own a purebred or commercial beef herd.
All bulls will be paraded at 12.30 p.m.

If you are considering doing any cross breeding, remember some Shorthorn blood is a must in that program, to be successful.

Did you know approximately thirty breeds of pure bred cattle in the world carry some Shorthorn blood in their ancestry?

We hope you will be with us on sale day, however, mail bids may be sent to any of the following:
